

## User Guide

### Open CSV file in Excel

Follow the below steps to open a CSV file in Excel.

#### Save and unzip file

1. Download and save the zip file *Kjøretøyliste* to your desktop.

2. Right-click the icon and select **Extract all**. Choose a location to save your file and then click on **Extract**. The file is now available in CSV format.

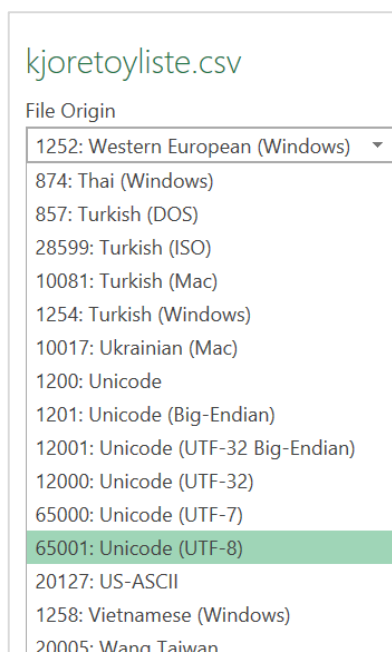

#### Open file in Excel

3. Open a blank workbook in Excel.
4. In Excel, go to **Data** in the top menu and click on **From Text/CSV**.

5. Select the file and click on **Import**.

6. Click on **File Origin**. Select **Unicode (UTF-8)** and then click on **Load**.

7. The file now opens in Excel with the correct formatting.
