Paris, 17th May 2023

OBJECT : Road restraint systems – Modification of product
Ref #20/009
Statement

Dear Sir,

I am coming back to you following regarding the following product, CE marked by ASCQUER for your company :

- Stalpro Rail hn (Certificate n°1826-CPR-07-DR86),

I hereby confirm that this product can be installed with a beam type A(W) instead of beam type B.

At the time of declaration this modification has been considered as belonging to the category B defined in EN 1317-5 annex A. The evidence you supplied were assessed and deemed sufficient to accept this modification.

In accordance with this decision, the specifications associated to the certified product and its assembly manual include this possibility and were approved by ASCQUER.

Yours faithfully,

Certification engineer

Pierre DEROMMELAERE
